

IMPORTANT SAFETY TIPS

- Never drive your vehicle with the cap door(s) or tonneau open.
- Do not use the product for passenger occupancy while the vehicle is in motion or while the engine is running.
- Factory installed Thule® racks on LEER fiberglass caps have a load limit of 150 lbs. Thule® requires that front and rear tie-downs be used when carrying any long load like a kayak or canoe.
- Bolt plate reinforcements (available from LEER) may be necessary for aftermarket rack systems.
- Contact your auto insurance company to make them aware you have added a LEER cap or tonneau to your vehicle.

LEER® OWNER'S MANUAL

FIBERGLASS TONNEAUS

LIMITED LIFETIME WARRANTY

STRUCTURE

Truck Accessories Group, LLC d/b/a Leer Group warrants you, the original retail Purchaser, that for as long as you own your LEER® brand recreational fiberglass truck cap or tonneau cover, installed by an authorized LEER Dealer on the original vehicle, that it will be free from defects in material and workmanship of the fiberglass structural material below the color surface.

*Model exceptions do apply, see list below.

PAINT

LEER Group warrants you, the original retail Purchaser of a LEER brand recreational fiberglass truck cap, tonneau cover, or aluminum truck cap installed by an authorized LEER Dealer on the original vehicle, that the exterior paint will not abnormally fade or peel due to material or workmanship more rapidly than the original paint finish on the original vehicle on which it was installed, for as long as you own your cap.

*Model exceptions do apply, see list below.

HARDWARE

Gas Props shall be warranted for five (5) years from date of purchase. Other hardware components of doors and windows including Center High-Mount Stop Lights (CHMSL), locks, latches, factory-installed accessories, and LEER Locker, but excluding glass and light bulbs, shall be warranted for one (1) year from date of purchase.

The warranty period begins on the date the cap or tonneau is purchased by the first retail buyer (original purchaser) or put into use, whichever is earlier.

LEER Group warrants to the original purchaser for the original vehicle that it will, at its option, either repair without charge the items covered by this warranty, or replace the original product with a product of equal value or model, based on current model availability. This warranty specifically excludes damage due to accidents, misuse, alterations, improper installation, or lack of proper care and maintenance as listed in this warranty.

LEER Group suggests that you visit an authorized LEER Dealer once a year to have clamps and other hardware checked and adjusted. There may be a charge for these adjustments.

*MODEL EXCEPTIONS TO THE STRUCTURE AND PAINT WARRANTY:

1. Commercial Fiberglass (100SCC, 100RCC & 180CC): 5-Year Limited Warranty on the fiberglass structure.
2. Commercial Aluminum (DCC): 5-Year Limited Warranty on the welded aluminum frame structure and exterior paint fading/peeling.

EXCLUSIONS FROM LIMITED WARRANTY:

1. This limited warranty does not apply to accessories installed by anyone other than the factory.
2. This limited warranty does not apply to any fading or peeling of the painted surface that may result from misuse, impact, or normal wear and tear.
3. This limited warranty does not apply to damage resulting from operating your vehicle with the cap door or tonneau open.

4. This limited warranty does not apply to damage due to accidents, misuse, off-road driving, alterations, acid rain, airborne fallout (chemicals, tree sap, etc.), salt, road hazards, hail, wind storm, floods, and other natural disasters, lack of proper care and maintenance or normal wear and tear. Paint wear and abrasions on the truck bed rails and elsewhere where the cap or tonneau contacts the truck is considered normal wear and tear, and is expected with the installation and use of any truck cap or tonneau, and is the sole responsibility of the pick-up truck owner.
5. This limited warranty does not apply to improperly installed caps or tonneaus.
6. This limited warranty does not apply to glass breakage or light bulbs.
7. This limited warranty does not guarantee fit to any non OEM surface.

All repairs shall be performed at the premises of an authorized LEER Dealer, or at a LEER Group manufacturing facility. Purchasers making a claim under this warranty shall deliver the truck cap or tonneau to an authorized LEER Dealer. Dealer may charge a nominal labor charge for removal of cap or tonneau. LEER Group does not authorize any person to create, on its behalf, any obligation with respect to the truck cap or tonneau except as provided in this limited warranty. LEER Group does not warrant the merchantability or fitness for any particular purpose, whether written or implied. When LEER Group Warranty Department authorizes complete repaint of cap or tonneau by an independent paint shop under LEER warranty, it becomes the responsibility of that paint shop to warrant the paint from that point forward. Purchaser's remedy for breach of any warranty shall consist solely of repair or replacement under the terms of this written warranty. In no event shall LEER Group be liable for any consequential damages or loss arising from purchase, installation or use of the cap or tonneau.

INTERNATIONAL CUSTOMERS - WARRANTY LIMITS MAY APPLY: For our valued customers outside of the United States, only an authorized LEER Dealer in the country from which you purchased your LEER brand cap or tonneau cover is responsible for all warranty issues. Any exception is at the sole discretion of Truck Accessories Group, LLC d/b/a Leer Group and must be approved prior to any repair service or warranty claim rendered.

PROOF OF THE RETAIL PURCHASE DATE MUST BE PRESENTED AT THE TIME OF ANY CLAIM.

Only the original invoice, including serial number of the unit and the VIN from the vehicle, presented by the purchaser constitutes proof. This warranty is void without such proof. Some states do not allow limitations on how long an implied warranty will last or the exclusion of limitation of incidental or consequential rights, and you may also have other rights which vary from state to state.

This express limited warranty is the sole and exclusive warranty provided by Truck Accessories Group, LLC d/b/a Leer Group for this product. LEER does not make and hereby disclaims any and all other express or implied warranties, including but not limited to the implied warranty of merchantability and the implied warranty of fitness for a particular purpose.

REGISTER YOUR NEW LEER CAP OR TONNEAU TODAY.

You can register your unit online at leer.com/s/warranty and tell us how your truck fits into your life. Input from LEER owners helps us design products that fit your needs.

CONGRATULATIONS! You have just chosen the #1 truck cap or tonneau in America. We are so confident in that statement that we offer a limited lifetime structural warranty on the LEER® brand of recreational fiberglass products. Take a moment to review the following care and maintenance instructions to keep your LEER product looking its best and performing safely.

CARING FOR YOUR NEW LEER

Your LEER brand product has been finished with premium-grade automotive paint. Proper maintenance of this new finish will be rewarded with a long-lasting beautiful appearance. Our OEM paint supplier has provided the following guidelines for you:

- Avoid wiping or waxing your cap or tonneau for 90 days and avoid commercial or high-pressure car washes for 90 days. This gives the fresh paint finish the maximum time to cure completely.
- Do not wipe your cap or tonneau with a dry cloth.
- Do not spill chemicals such as anti-freeze or coolant on the finish.
- Do not scrape ice or snow from the finish.
- Do not use polishes not formulated for clear-coat finishes.
- Do not add exterior wraps* or stickers until the cap has been installed for 48 hours.
- After 90 days, wash and wax your cap or tonneau regularly with a product designed to preserve and protect painted fiberglass. Ask your LEER Dealer for product recommendations. Make sure to wash your LEER in a shaded area using cool water and a mild detergent.
- Do not subject the windows of your LEER cap to the direct force of high-pressure commercial car washes or pressure washers. Windows are not warranted against leaks under the pressures of such equipment.

* Exterior wraps and stickers applied incorrectly may void paint warranty.

FACTS REGARDING COLOR MATCH AND COLOR VARIANCES

Here are the major reasons why no one can guarantee to match your truck's original factory paint: (Source: SEMA/Specialty Equipment Market Association)

1. Truck makers have three major paint suppliers. Some use all three.
2. Long piping in the OEM plants distorts the metallic flake before reaching the application point. This can effect color and brightness.
3. Oven temperatures change causing some pastels to go yellow or darken.
4. Different application equipment (mini bells, robotics, electrostatic and conventional spray) all paint differently, changing metallic and color appearance.
5. Paint technologies can change at each plant on the same vehicles. Waterborne, base-coat or high solids paint can be used on the same color.
6. Fluid and air pressure vary on the production lines.
7. Temperature and humidity levels vary on different days.

MAINTENANCE RECOMMENDATIONS

Regular maintenance will keep your LEER product working well. Your LEER Dealer would be happy to help you for a nominal fee.

1. Lubricate the sliding portions of your windows, door hinges, door lock(s) and window mechanisms monthly with an oil-based lubricant. Do not use silicone or petroleum distillate (WD40, etc.) spray lubricant on gas props.
2. Check mounting hardware monthly for tightness. Cap clamps and J-clamps are suitable for securing caps and tonneaus when properly used. Ask your LEER Dealer if you have any reservations about the attachment process. Caps can also be securely bolted to the truck bed rail using 1/4" grade #5 bolts with 1" washers under the bolt head and under the bed rail. Locking washers should be used under each nut.

3. Check the material used to seal the windows and trim. Exposure to weather may in time cause shrinkage. If shrinkage occurs, re-seal with a silicone based sealant.
4. All fiberglass surface colors are susceptible to weathering and should be thoroughly cleaned and waxed after 90 days of use. Several products are available to preserve and protect painted fiberglass as well as aluminum surfaces. (Note: allow at least 90 days for complete paint cure of the painted finish.) Ask your LEER Dealer for product waxing recommendations.
