TRUCK CAPS

 **LEER**[®]

LEER COMMERCIAL WE GO TO WORK WITH YOU.

This LEER cab high commercial cap is reinforced for commercial roof racks. Shown with standard solid rear door with color matched fiberglass insert and optional flush painted side access door with stainless steel drop T-Handle.

**CUSTOMIZE WITH RACKS,
TOOLBOXES, LIGHTING AND
ACCESSORIES FOR YOUR
SPECIFIC JOB REQUIREMENTS.**

A white LEER commercial cap is mounted on a white pickup truck. The truck is parked on a wet, paved surface in front of a large industrial building with a corrugated metal facade. A long, elevated conveyor belt structure is visible in the background. The truck has a '4x4' badge on the rear fender and a 'LEER' badge on the rear bumper. The cap has a solid rear door and a side access door. The overall scene is industrial and overcast.

1005CC

Easily access your gear with an optional BEDSLIDE®.

Weep holes enhance drainage on flush side doors.

100SCC

Make any work day a breeze with 100SCC. Convenient optional side doors offer easy access to your tools and supplies.

Customize the 100SCC with these side painted access doors for easy reach and a flush, streamlined appearance.

100SCC

Shown with the standard solid rear door with color match fiberglass insert.

BEDSLIDE® adds convenience and enhances ergonomics to easily access the gear required on any job site.

Prime Design™ Locking Ladder Rack (Optional)

Prime Design™ AluRack™ (Optional)

ERGORACK®

The optional ErgoRack® by Prime Design minimizes the physical stress involved in loading and unloading heavy, bulky ladders.

- ErgoRack® reduces lower back and shoulder stress by eliminating the need to step on a bumper or tailgate to access a ladder.
- This design is lighter than steel ladder rack solutions for improved gas mileage.
- The lockable security feature reduces theft at the job site and on the road.
