**RETRACTABLE  
UTILITY BED  
COVER**

**SECURE. ACCESSIBLE. RUGGED. THE CONTRACTOR WORKHORSE**

A job site necessity, our Retractable Utility Bed Cover is designed for service trucks. It's available as a manual, spring-action cover or with an electric motor for hands-free, remote operation.

**FEATURES**

- Available in manual and electric.
- Designed specifically for service body applications. Fits most 8', 9' and 11' models.
- Secure, attractive storage for tools and equipment.
- Made with tough, black, powder-coated aluminum panels, interlocked for strength and durability.
- Cover retracts into a front canister for full, easy access to the utility bed.
- Fully secure when closed even when the tailgate is unlocked.

**MANUAL COVER FEATURES**

- Heavy-duty spring helps retract the cover smoothly.
- Built-in pull strap engages the latch at 12" intervals.
- Mechanical weather hinge provides a tight seal between aluminum panels.
- Independent latch and lock handle system offset to driver side.

**ELECTRIC COVER FEATURES**

- Electromagnetic brake locks the cover in any position.
- Manual release mechanism allows opening during a power failure or emergency.
- Patented silicone weather hinge provides a tight seal between aluminum panels.
- Operating switch can be located in the cab, or an exterior locking compartment. Optional key fobs for hands-free remote operation are sold separately.
